WHAT ATTENDEES ARE SAYING ABOUT THE DCRE CONFERENCE

"The DCRE Conference was phenomenal! The substantive information that I've left with, alongside the connections that I made, was well beyond the value of my ticket. The best part is these exchanges were with like minded people who looked like me. I, unfortunately, do not have these experiences in my 9 - 5 - but definitely will attend next year!"

Samantha A.

"DCRE Conference was a unique experience, in that it took on the very bold and necessary task of bringing together some of CRE's most important players to engage in dialog about the industry and more specifically the value that diversity brings to commercial real estate. The panelist were incredibly engaging, the discussions were informative, and the energy was electric!"

Claudeen P.

"DCRE is the best conference I attended last year. It was very eye opening to see all the accomplished speakers from my community. Bring your note pads because the information discussed came from REAL PRACTITIONERS in the real estate space. Very Inspiring because representation does matter. Immediately after, I sent the site to my colleagues to make sure they attend the next one!"
